Selectmen's Meeting

April 17, 1984 - by Virginia Arral

APPOINTMENTS TO FIRE DEPARTMENT DISCUSSED

The first week in May is the date for new appointments and the status of two present members of the Fire Department is in question, Fire Chief Donald Wood told Selectmen last Tuesday.

Chief Wood said Peter Perkins and Susan McGowan, an R.N., were each notified in plenty of time to have completed the CPR and First Responder Courses required by the state. Mrs. McGowan may have completed the courses in her capacity as a registered nurse, Chief Wood said, "but we have at this time no specific information what she has completed."

The Chief said Perkins told him he had to tend the ORR basketball scoreboard on the night the courses were held. "I can't do anything else but go through with what the state law requires", said the Chief. He explained that the two knew about the courses

Selectmen Chairman John N. DeCosta asked Wood if the appointment could be conditional until the next course time in one of the area towns.

Wood pointed out that there will be a CPR course given by the Police Department on May 3rd, but that he did not know of any First Responder Course being given in the immediate future.

Mary Jane Rimmer-Doherty, First Responder instructor, told Selectmen, "We must follow the letter of the law. We will send a letter to the state saying the department personnel has completed the course without specifically identifying each person."

When contacted after the meeting, Perkins remarked it wasn't that he didn't pass the tests, but it was that he didn't take them. He added that it wasn't that he didn't want to take them, but that he had agreed to handle the ORR basketball scoreboard before he knew about the course date. Mrs. McGowan could not be contacted by Wood.

Perkins said, "In my opinion I don't think it's fair that volunteers who respond during their work hours should have to take the First Responder Course as there are enough with that experience covering the town, what with the police department and the rescue squad. This state law has hurt the men in small towns, and some men have left the department because of this reason."

Perkins indicated that he would take the CPR course in May; however, he said if the First Responder Course isn't completed there may be nothing else to do but take a leave of absence.

Ms. Doherty was complimented by the board on the time and effort she spent instructing the First Responder Course. A special thanks was extended to Selectmen's secretary, Elaine Sylvia, for the eight weeks she spent doing the paper work for the course and to Kenny Sylvia for providing audio-visual material to help the class.

In other business, Selectmen:

The board noted Benson will be leaving the county job and returning to school for his Ph.D. A letter will be sent to him wishing him good luck and thanking him for his personal efforts on behalf of the town.

The four permits granted include:

1. Marc C. Goddu's request to convert the historic Grange Hall into four two-bedroom apartments.

2. Walter J. Hughes and Mark S. Astrachan of New Bedford were granted permission to divide into three lots and to build one two-bedroom home on each lot on land at Harbor Beach (the former Harbor Beach Club).

3. Robert M. and Harriet S. Sherman of Rochester obtained a permit to convert a single family house at 83 Fairhaven Road into a two-family dwelling and business unit.

4. The Town of Mattapoisett was granted its request made through Highway Surveyor Manuel R. Nunes, Jr. after a variance from set-back requirements to build a "salt shed" on the town's highway department land at 5 Mendell Road.

The petition of David J. Murray of Carver to allow an apartment on the second floor above the package store (Romeo's) was denied. Definitive reasons will be issued later, the Town Clerk said.

At the hearing the board members expressed concern for tenant parking even though the attorney representing Mr. Murray cited an agreement between Murray and Marc Goddu of the Mattapoisett Inn to reserve a parking space for a period of 50 years. Another area of concern was the fact a person would have to go through the liquor store after closing hours in order to reach the second floor apartment unless a locked door arrangement was installed.

disclosed that Goddu plans to build four identical apartments, eight parking spaces, a fence buffer in the rear of the property and will landscape extensively.

Goddu cited a need for year-round housing and indicated the apartments will be suitable for upper-middle class tenants. He noted that because of a probable renovation total cost of over $120,000 the rent will be determined by the final cost. However, he estimated the rents will be in the $450. per month category.

Selectman John N. DeCosta said the Board favored Goddu's proposal and was pleased with the character of the person involved in the purchase and renovation. Selectman James P. Huntoon noted what with other renovation along Route 6 this change will blend in with the neighborhood and will build a tax base for the town.

In reply to a question from Appeals Board Chairman George Heinz, Goddu said he was not looking to put in six apartments even though this subject was brought out at a Selectmen's meeting by Town Counsel.

Robert Cattley, engineer, explained the soil capability was excellent and there will be a suitable sewer system installed. Fire Chief Donald Wood expressed concern if the property were left vacant; vacant buildings have a way of burning. This proposal will make it a lot more comfortable for him, he noted.

Albert Alfonso of GHR Engineering told the Board the Harbor Beach plans were initially as the previous request except the land will be divided into three lots rather than four. The Planning Board has already given its approval. The present septic system will be removed and individual new ones will be installed, Alfonso explained.

Objection to the "salt shed" being built at the location in the town barn land recommended by Nunes was expressed by Joseph Rochette of

4 Wildwood Terrace whose property abuts the town land. Rochette said he had no objection to the shed itself, only the location. He claimed with the removal of trees he would lose the barriers between his property and the activity at the town barn. Rochette presented two alternative locations which, in his opinion, could handle the shed.

Nunes, however, said he needed more room to operate his equipment that those locations would allow. He also noted that if the town builds the 40 x 90 salt shed this year the state will give the town $45,000 to cover the cost (the town will pay only to put in a foundation). "If we wait a year," Nunes explained, "state law will require us to build one at our own expense."

A letter of objection was read into the record from Mr. and Mrs. Bruce Rocha, 10 Wildwood Terrace.

Robert Sherman explained he planned to convert the seven-room house into two apartments and build an addition 26 x 30 feet to house two business offices. He stressed there will be nothing sold - only service-type businesses, such as insurance or real estate.

MATTAPOISETT OUTREACH - COUNCIL ON AGING GARDENS FOR SHARING

Spring has sprung and with it new life. Most of us are fortunate enough to be able to walk and drive through town and enjoy the beauty of nature unfolding. Others are not quite as fortunate.

Would you be willing to share some of your flowers (daffodils, etc.) with the shut-ins? Last year we delivered forty bouquets because of the generosity of many people.

In return may I share a bit of my garden with you.

In God's time and in His way
We grow a little day by day.
Like flowers in the early Spring
At last some tiny buds we'll see.

We seek the radiance of the Sun
To touch our faces one by one
Then we'll burst forth in colors bright
A lovely garden in His sight.

We need the rain and this we know
For how would flowers ever grow
And if we're big or just real small
It matters not, He loves us all.

So let us dance and let us sway
Together and in our own way
As gentle breezes fill the air
Our fragrant beauty let us share.

Walk-A-Thon '84

The 10th Annual Rochester Memorial School Walk-A-Thon will be held on Saturday, April 28th. The annual, community-spirited event, sponsored by P.A.T.O., the Rochester Memorial School Parents' Organization, offers students, kindergarteners through sixth graders a day of fun and activity and an opportunity to raise money for their school.

Each year students seek pledges from family, friends and neighbors for numbers of miles walked. The walk is held around a two-mile route starting at the school. The course goes from Pine Street, to Snipatuit Road, down to Hartley Road, across Hartley and back to Pine Street and the school. The students walk the route as many times as they wish, starting at 1 p.m. The walk ends at 5 p.m. Parent volunteers man check-points along the route in order to supervise the walkers and to officially note the numbers of miles walked by each student. Refreshments are served throughout the afternoon at the school check-point.

The money raised through the children's efforts and the generosity of the community has provided the school with many items and many programs for the enrichment of Memorial School students over the past nine years. Walk-A-Thon funds have purchased several computers for the school, a video taping system, a piano, glass showcases, and countless other items, as well as supported the Junior Great Books Program. Money raised in '84 will support Cultural Enrichment activities, the scholarships to be provided for a graduating senior who is a Memorial School graduate, and the ongoing efforts of various programs like Great Books and Sixth Grade Awards.

Each student participant receives an award for walking, and prizes are given for all grade levels for the most miles walked, the most sponsors, and the most money collected. An over-all grand prize is awarded to the student who collects the most money for the Walk-A-Thon. This year's grand prize is a "box", a radio and tape recorder-player combination. Most importantly, the children walk for fun and for the satisfaction of helping their school.

A rain date for the event is set for Saturday, May 19th. This year, as always, the

Letters to the Editor

The parents of elementary school aged children in the Town of Rochester received a letter this past weekend from the P.A.T.O. (Parent and Teachers Organization). This letter certainly did not communicate any truths and as far as I'm concerned was aimed at undermining an excellent school.

The student body at the Memorial School is close to 400. It's evident that this "group", of which the teachers want no part, is not the majority when they have 20 active members. They have actively set out to destroy all the good things the teachers have accomplished, both academically and socially for the children of our town.

It is a known fact that the staff at the school has tried time and time again to clear the air with this group of parents. The teachers arranged for a member of the Nation-

al PTA to come and speak at a meeting with the hopes of starting fresh and with a clean slate. Yes, a committee of teachers, parents and administration was formed to further investigate the PTA and what benefits it has to offer to our school. Evidently the parent members of PATO wanted no part of this endeavor since they did send this letter.

It's time for the parents to take a good look at what their motives really are and hopefully realize that we have professional people in our school who are doing a fantastic job of educating our children. Stop this foolishness and let's let the school get back onto a positive note.

LETTER TO THE EDITOR

I began my education in the public schools in 1959, it wasn't a great year for my parents; they worried about the Korean War, the Cold War and the terrible spread of communism. I spent twelve years in the public school system and four more in a catholic college. As students we began our mornings by chanting the pledge and singing the anthem. We didn't study the bible, instead, we studied American History and Geography. I do, though, remember a time when my day did start with prayer - Saturday morning catechism and later, in my college biology classes.

Concerned parents that want their children surrounded by religion and prayer send their children to parochial schools by choice. Those of us that want our children's education taught without religious trappings send our children to public schools. If my child wishes to say grace before eating, let him/her, in silence say a prayer, as we may do in our work place. Before a test, for a sick friend, as thanks, let him (in silence) pray to his/her own God. And let the other children around him, with their family's guidance so praise God likewise, and by their own free will. Not changed, not instructed and not led by the public school system.

I don't believe that schools must make up for the "average church's and home's" failings. And I don't like suicide linked to prayerless schools when conservative-right wing religious, uptight families are the statistical breeding ground of suicides in

History has never demonstrated that prayer in the schools had anything to do with our country's greatness. Our ancestors and their ancestors worked the land, tilled the soil, protestants, jewish, moslem; all. And we carry on, each in our own way, stubborn and proud in our own beliefs.

Some of our ancestors left their home countries to escape controlled state religions, they came to America because this country offered freedom of religious belief in its government, its commerce and its education.

Our country, the United States of America, is called a great melting pot in which our cultures are mixed and varied, but in our mixing let us also remain individual and free from a future threat of state religion and loss of personal liberties.

My aversion is that many people selectively read their bibles and our country's constitution with its amendments. Our forefathers wanted to keep separate church and state for fear of the very same reasons that their own, and our own, fathers came to our shores: to protect the citizenry against religious perse-

woode W. Randolph, Jr. The Town Committee Chairperson, Bernard Talty, will also attend as ex officio delegate.

An open discussion took place concerning the direction the Committee shall move in during the next 4 years. It was also voted to raise funds through direct contributions and fund-raising events. Several possible methods of achieving this goal were brought out and persons shall be contacted to assist in these efforts or for contributions.

At present the elected Delegates and Representatives from the Committee who participate in District Caucuses and State Conventions pay the registration fees and expenses from their own personal finances. The goal is to raise enough to finance a portion of the costs in future years.

It was also reported that Mattapoisett now has 962 registered Democrats on the voting list.

The next scheduled meeting for the Committee is June 11, 1984 at 7:30 p.m. Notices shall be sent out regarding the meeting place.

Allen's Pond is a salt pond which serves as a sheltered nursery and protective area for many forms of life. The many bird species found here are the most conspicuous animals, but the pond harbors a myriad of other organisms as well. Canoe trip participants will have the opportunity to search out these organisms with seining and dip nets as well as from canoes.

Plan to join us for this late-Spring outing to a unique coastal environment.

They have been researching small scale organic food production for 10 years. Their intent is: 1) to experiment with ecologically sound methods of food production and 2) to educate the public to the potential for food growing readily available to them in their own backyard.

Recently the Institute has enlarged its research to study the economic viability of small scale commercial production. This aspect will be of special interest to those who would like to become involved in our local farmers' markets.

The Dartmouth Natural Resources Trust presents this program at a minimal fee to the general public as part of our ongoing program to preserve our open spaces and to promote the wise use of our environment. The program will begin at 7:30 p.m. at the Dartmouth Middle School. The cost is $1.50 for non-members and $1.00 for members. Refreshments will be served.

Scout-O-Rama

The Moby Dick Council, Boy Scouts of America, will hold a Scout-O-Rama on Sunday, April 29th, at the Westport High School from 11:00 a.m. to 5:00 p.m.

Hundreds of Cub Scouts, Boy Scouts and Explorers have been preparing for this year's Scout-O-Rama. The Scouts will be demonstrating to the general public Scouting as it is today, and how it is "Shaping Tomorrow", the theme for this year. The Scout-O-Rama is an event of several weeks' preparation by the scouts and their leaders. The displays and demonstrations are endless and varied activities of Scouting today. We have computers, cooking, signal tower building, community service projects, and space exploration to camping, and these are just a few.

This year's Scout-O-Rama promises to be one of the biggest and best ever, and all area residents are invited to take part, so plan now to attend this Scouting presentation and better understand how Scouting is truly "Shaping Tomorrow" for the youth of today.

REJUVENATED GARDEN SPROUTS AT MUSEUM

A rejuvenated vegetable garden has been reinstated on the Children's Museum's first floor. Although the stonewall remains, the artificial plants: cauliflowers, lettuce, squash and corn plants have had their leaves beautifully redone using a soft sculpture technique. Opposite the green and growing things, the facade of an old New England barn has been erected. Doors latched with various devices cover colorful representations of barnyard life (chickens, pigs, cows, goats, horses, etc.). Young children enjoy finding out what's behind the doors and are challenged by the variety of latches, sliding bolts and similar devices that require various motor skills to open and close. The exhibit was designed by members of the exhibits committee of the Museum's Board of Trustees: Neishja Yenawine, chair, and

Guys and Dolls at SMU

"Guys and Dolls", the popular musical by Frank Loesser, will be presented by the Southeastern Massachusetts University Theatre Company on April 26th through 29th at 8 p.m. in the main SMU auditorium.

The play is about gambling and romance in New York in the 1930's. Nathan Detroit's usual floating crap game can't take place without $1,000, so he makes a bet with Sky Masterson that Sky can't take a certain doll Sarah to Havana. Sky does, but he does not count on falling love. Meanwhile, Nathan's engagement with Adelaide of 14 years is in jeopardy unless he stops having the crap game. Finally, Sarah and Adelaide meet and decide to wait until after they've married Sky and Nathan to change their ways.

In the cast, directed by Angus Bailey, are Alice Long, Al Bazzinotti, Bob Powers, and Jessica MacDonald. Scenic coordinator is Robert Powers, lighting designer, Dan Murphy; and costume designer, Anne M. Couto.

Ticket prices are $4. for the public and $3. for senior citizens and students with IDs. For tickets call 999-8167.
